

Notes from the National Office

06/25/07

CHARITY BEGINS AT HOME:

If a Daughter in a chapter needs assistance with her dues payment or the cost of replacing a cross, please look to the chapter members first, then your Priest, then to the Diocesan treasury and then to the Province treasury. The National Office has funds for assistance, but would like to conserve those funds for the Daughters who are in chapters that just cannot help her. Anyway...what better gift could there be than to share with another Daughter the gift of funds in a time of financial need. What a blessing it becomes for you both!

Checks to the National Office:

Because processing thousands of individuals' checks is very time consuming and costs the Order additional bank charges, the National Office staff requests that all dues payments for the chapter be combined into one check.

For the same reasons, when ordering crosses or supplies, please send just one check. Please do not include dues payments and order payments in the same check.

May God bless and keep you all of your days!
The Shepherd's Staff at the National Office
