

## **Congratulations Lions-We did it! 1,523 Campers this year!!!**

The Texas Lions Camp's former all time record of 1,345 campers was shattered this historic year, as we provided services to 1,523 campers, or an increase in campers of 13%. According to Executive Director, Stephen Mabry, the Camp broke its record for the number of campers served in a single summer as a result of past president David Kahlich's "2 for 2000" challenge, efficient scheduling, the new Day Camp, Sibling Camp and two successful partnerships with the American Cancer Society and the American Lung Association.

Congratulations to the family of Texas Lions Camp! Never before, have so many children been served at the Texas Lions Camp in a single summer.

Celebrate your Heritage - A personal Invitation. One of the projects recently dedicated at the Lions Camp, is the Camp Museum. "With the addition of this important building, Lions can celebrate the Camp's rich heritage that has brought us to where we are today," says Stephen Mabry. If you are inviting a friend to become a Lion, or just want a boost to remind yourself of what being a Lion can do for you and others, bring a friend and come explore our heritage at the Texas Lions Camp Museum!
